

## LifeGift Saves Lives

We are proud to partner with LifeGift, a not-for-profit organ procurement organization that recovers organs and tissues for individuals needing transplants in 109 counties in Texas. Their mission is to save and enhance lives by maximizing organ and tissue donation.

There are currently over 108,000 people waiting for a life saving transplant. Every 11 minutes another name is added to the list. Every day 18 people die waiting. One donor has the ability to save up to 80 lives!

### ONE DONOR CAN:

- *Donate kidneys to free two people from dialysis treatments needed to sustain life.*
- *Save the lives of patients waiting for heart, liver, lung or pancreas transplants.*
- *Give sight to two people through the donation of corneas.*
- *Donate bones to repair injured joints or to help save a limb threatened by cancer.*
- *Help burn victims heal through donation of skin.*
- *Provide heart valves for someone whose life is threatened by malfunctioning valves.*

Saves lives! Register to be a donor at [www.donatelifetexas.org](http://www.donatelifetexas.org).
